SCOPE AND CONTENT NOTE

Record Group 101 deals with the papers of the House Judiciary Committee. The Judiciary Committee is responsible for all legislation pertaining to law practices, court reform and judicial matters within the State of Tennessee. It is also responsible for the establishment of select subcommittees designed to discuss impending legislative needs in the state such as tort reform, drinking laws and judicial restructuring.

The years covered within this Record Group are from 1971 to 1986. Former State Representative Michael Murphy, elected to the 87th through the 93rd General Assemblies, served as Vice-Chairman and Chairman of the Judiciary Committee during the time period.

This Record Group can be divided into three main sections. Series 1 contains the committee operation papers, i.e. legislation to be considered on a particular meeting day, and the voting records of the committee members. Series 2 is constituent correspondence received by the committee. Series 3 includes a collection of miscellaneous sourcebooks and documents pertaining to the judiciary and used by the committee.
